

Benefits

- Employers: Skyway Prime meets the Minimum Essential Coverage requirements for the Affordable Care Act.
- Fixed costs for primary care needs and more.
- Priced to provide tremendous value of services to patients and their families — especially those that may require multiple care visits (chronic disease management, children well/sick visits).
- Simplistic, upfront pricing.
- Providing the right care, in the right place, at the right time.
- Access to preferred Skyway pricing for other needed services, creating even more savings!

This product includes the following services:

Actual services rendered will be determined through the clinical judgment and evidence-based medical practices of the MetroHealth provider.
